

2006 Arizona Juvenile Accountability Block Grant (JABG) Awards

Subgrantee	Award Amount	Target Areas	Program Highlights
Cochise County Juvenile Court Services	\$18,413 (2006)	Cochise	Cochise County will implement the Drug Court Program that serves as a collaborative approach for the treatment of juveniles with either substance abuse referral history and/or non-violent drug related offenses. The drug court program aims to provide rigorous monitoring, urinalysis testing, individualized treatment plans, a parental support group, and aims to ensure that juveniles are receiving an education in the process.
Coconino County Juvenile Court	\$17,378 (2006)	Coconino	Coconino County will provide a Substance Abuse and Screening Education program for first and second time substance and alcohol offenders. Coconino County will provide substance abuse screening and education for adolescents and their families with one or more referral with a substance offence present (this includes alcohol). The Substance Abuse Screening and Education program is structured to help participants learn the facts about substance abuse. Drug and alcohol counselors will conduct informative lectures, literature and film viewing, and group discussions of chemical dependency. The program consists of a thorough assessment and four group sessions. The group sessions are one time per week and are approximately one and a half hours in duration. Additionally, Coconino County will provide substance abuse evaluation (SASSI) to determine level of care for substance users, substance abusers, and substance addicts.
Maricopa County Juvenile Probation Department	\$349,154 (2006)	Maricopa	<p>The Maricopa County JABG funds will be utilized to provide accountability-based programming established in public schools in Maricopa County. A team consisting of a social worker, probation officer and/or police officer from another funding source, collaborate to provide a multitude of services to students, staff, and parents in their assigned school. The services were designed to protect students and school personnel by direct enforcement or prevention and/or intervention methods that have a positive impact on the students.</p> <p>The team will focus on high-risk students identified by school personnel, the</p>

			Courts, parents or by the student themselves. These high-risk students are on probation through the Courts, in a diversion program, or identified as needing additional services by either one or more team members. .
Mohave County Probation Department	\$18,944 (2006)	Mohave	Mojave County will continue to implement the YES (Youth Enjoying Sobriety) Program, an in-patient, co-ed, eight-bed, substance abuse treatment program for juveniles on probation in Mohave County. This partnership between the Mohave County Probation Department and the Mohave Mental Health Clinic will be available to juveniles fourteen years of age and older who reside within county limits. The goals of the program are to reduce probationer's non-compliance with Court orders, increase the use of detention center's capacity, promote positive choices and behavior by providing mentors, life skill classes and counseling, develop self discipline, self control, and self respect using strict military style regimen, time constraints, and accountability.
Pima County Juvenile Court	\$63,334 (2006)	Pima	Pima County JABG funds will continue to support two ongoing programs: the Center for Juvenile Alternatives and the Pass Point drug-screening program. Both programs will enhance juvenile accountability and improve assessment and intervention effectiveness of the juvenile court in holding juvenile offenders accountable and reduce recidivism. The focus is on the offenders with truancy and/or substance abuse issues. The center for Juvenile Alternatives will provide timely assessment and services to juveniles with truancy issues and the Pass Point program will increase the number of drug screening tests conducted on juveniles on diversion and/or probation as well as reduce the number of positive drug tests.
Pinal County Juvenile Court Services	\$15,369 (2006)	Pinal	Funds will be used to support a full time Court Services Secretary II who will be responsible for tracking and entering all of our counseling/treatment data onto the JOLTS system. This additional Secretary will be responsible for processing all counseling, treatment and education referred within 3 working days of receipt. This will include completing a Service Authorization form and sending it to the assigned provider. This will allow for consistent date tracking process as well as assure that all juveniles are scheduled for counseling, treatment and education programs in a timely manner.
Yavapai County Juvenile Court	\$24,421 (2006)	Yavapai	Yavapai County will implement the Accountability Crew program with juvenile offenders referred to the juvenile court. The project will consist of conducting a

			weekend program for juvenile offenders consisting of education, treatment and community service activities, providing transportation of juvenile offenders to program activities, providing intermediate sanctions for standard and intensive probationers who have committed a technical violation of probation, providing an effective diversion consequence for juvenile offenders who are not on probation, coordinate among other juvenile probation weekend and detention programs, and provide additional program components to various populations of juveniles.
Yuma County Juvenile Court	\$28,918 (2006)	Yuma	Funds will continue the Delinquency Prevention program using an educational format to provide information and tech skills to juveniles. The program will use lecture, interactive activities and group discussions to cover alcohol and drug use, STDs, HIV/AIDS, nutrition, violence, anger, peer resistance, decision-making, negative communication patterns, and positive alternatives. The program also has a parent component that provides education to the parents and activities to improve communication skills between the juvenile and the parents. The goal of the program is to deter and minimize the recidivism rate.
Mesa Police Department	\$19,326 (2006)	Mesa (Maricopa)	<p>JABG Funds will provide core services to juvenile status offenders in lieu of detention by way of the Mayfield Center. The service delivery plan includes intake, assessment, referral, and extended support services. The components of Mayfield include: Referral, Pre-Screen/Transfer, Intake Assessment, Interim Services, and Aftercare Monitoring. Mayfield will provide the following programs or services:</p> <p>Anger Management Class, Positive Choices program, Healthy Relationships (8-week course), SPEAR substance abuse program, Parent/Teen Communications Seminar, and the Parents in Action program.</p> <p>The goals of this program include increased referrals by the City of Mesa, reduction in drop out and truancy, substance abuse intervention and education and assistance to the Mesa Police Department with families experiencing domestic conflict and/or crises.</p>
City of Tempe Community Services Department	\$18,412 (2006)	Tempe (Maricopa)	The City of Tempe will provide accountability-based specialized programming for juvenile court referred offenders who reside and/or attend school within the City of Tempe limits. Participants ages range between age 11 through 17 and/or grades 6 th through 12 th . The programs goals of the T-Jag Program are to reduce recidivism of juvenile offenders and enhance public safety through increased supervision,

			accountability, information sharing, and treatment, and to provide skills and opportunities that promote and reinforce healthy beliefs, clear standards, and pro-social behaviors among juvenile offenders.
Tucson Police Department	\$29,889 (2006)	Tucson (Pima)	<p>JABG funds will implement the School Enhancement Team (SET) program and youth leadership development programs (Teen Academy) to collaboratively address the problem of truancy, weapons on campus, drugs, and other acts of violence that contribute to unsafe school campuses and increase juvenile crime. The SET team is designed for school administration, students, parents, School Resource Officers (SRO) and community to address crime related issues at their school through a problem solving approach wherein primarily the students take ownership of creating a plan of action with the guidance of the adults.</p> <p>In order to enhance school safety, the City of Tucson Police Department will continue to partner with One-on-One Partners and other non-profit organizations that mentor at-risk youth. Tucson PD will also collaborate with additional mentoring agencies focused on at-risk youth in the Hispanic community to provide mentoring to their participants and the families of those participants. SROs will be working with a group of at-risk youth 3 hours per month in a mentoring capacity in order to make and impact in these young lives.</p>
Gila River Indian Community Court	\$14,535 (2006)	Gila River Indian Community	The Gila River Indian Community will implement a Community Probation/Diversion Program, which includes community service, education/cultural awareness groups, training, teen court, drug court, substance abuse testing, and surveillance. These programs will enable the juvenile courts and juvenile probation officers to be more effective in holding the juvenile offenders accountable and to reduce recidivism within our community.
Navajo Nation - Chinle Youth Corrections	\$35,719 (2006)	Navajo Nation	Funds will be utilized to help support the Chinle Youth Corrections in programming operational cost and to improve in the areas of youth programming for intervention and advancement in education and continuing education. Programming will include therapeutic services for youth, educational credits to assist youth in obtaining their high school diploma and services in traditional and spiritual education.
